

From Weeks to Minutes. Fast and Secure.

Reduce the time, labor, and cost associated with traditional document delivery methods. No more printing, stamps, or waiting on the mail.

FireLight® e-delivery automates and expedites the secure transmission of any policy, contract or document.

Improve the client experience and retention with the safe and efficient delivery of items, including...

- ✓ Policies and contracts
- ✓ Billing, notices, disclaimers, and statements
- ✓ Policy auxiliary forms
- ✓ Prospectuses
- ✓ Transaction confirmations
- ✓ Advisor/agent contracting
- ✓ Policy amendment processing

Lost time means lost sales. Get policies, documents and more to clients in a matter of minutes instead of days.

Close sales and deliver documents faster with modern digital experiences...

- ✓ Delivery options with status, delivery receipt, audit and e-sign
- ✓ SSO, data and payment processing integration capabilities
- ✓ Secure XML ACORD transaction
- ✓ Workflow and review customization and management
- ✓ Multiple user authentication processes
- ✓ Agent and client upload capabilities
- ✓ Advisor dashboard with quick case status view

Why Hexure

At Hexure we believe in a digital future where consumers can buy financial and insurance products with ease from anywhere at any time.

Our innovative, customer-centric sales experiences enable advisors to spend less time processing and more time selling.

Join us in building the digital landscape of the insurance and financial services industry.

Do you have the need for speed? Discover the advantages of FireLight e-delivery.
