

Enhance the Product Quoting Experience for Life

Agency Life Quoter is a multi-product comparative quoting solution that allows insurance producers to quickly and easily access life product rates and information, simplifying the product quoting and feature comparison process. With Agency Life Quoter, producers can efficiently run and compare life insurance quotes across multiple carriers to best support clients' needs.

Quoting for Life

- Term, GUL, and Final Expense Products
- Riders, Waivers & Sub-Standard Rates
- Needs Calculator
- Product Filtering
- Multiple Premium Payment Views
- Health Analyzer Tool
- Multi-Face Amount Comparison
- Customizable PDF Comparison
- Carrier Information Including A.M. Best Rating
- Forms, Documents and Underwriting Guides
- And More

Simplify Product Quoting and Comparison

Agency Life Quoter enables producers to quickly calculate needs, run real-time quotes, filter products, compare product quotes, share quote information with clients, and more. By leveraging the configurability, capabilities, and sales activities of the Hexure FireLight® platform, carriers and distributors can deliver a streamlined, cohesive life quote-to-apply process with end-to-end integrated data, creating seamless sales experiences for producers and their clients on one platform.

- Easy filtering based on data entry and selection process
- Automated health analysis for up to 60% more accurate quotes
- Multiple view, print or share quote capabilities
- Custom quote next step actions
- Integrated e-ticket and full e-application submission options
- Interconnected data across other FireLight sales activities
- Intuitive, fully responsive user experience from any device
- Quote analytics and reporting
- User preference customization

Agency Life Quoter is one of the interconnected sales activities in our platform so that the data entered in one activity flows into the next seamlessly.
