Resources. Affordability. Development.

All thoughts and questions that can muddy the path to successful illustrations.

The ForeSight Standard plan, a pre-configured illustration offering of our flagship sales illustration platform, allows you to increase speed to market while managing your costs.

Thanks to more than 25 years of experience in illustrations and in-house actuarial expertise, illustration outputs are regulatory compliant straight off the shelf. Just like our flagship offering. Plus, you can customize the output with your brand and disclosure.

The ForeSight Standard plan allows for a fast, defined implementation timeline with predictable pricing because of its pre-configured templates and off-the-shelf configuration. Its predictable costs makes this offering ideal for carriers looking for speed and efficiency when launching products.

The ForeSight Standard Plan Provides:

- ✓ Easy maintenance and future product updates
- ✓ Intuitive user experience
- ✓ Automated regression tools
- ✓ Easy tie-in to straight through processing workflows
- ✓ Implementation templates for FA, FIA, MYGA, SPIA, DIA
- ✓ Self-service tools for rate updates and product approvals
- ✓ Preset test cases and benchmarks
- ✓ Reducing/eliminating custom work for client
