

All Your Forms in One Place.

Create a forms repository and add any electronic, fillable, and print forms without the need for complicated development. For both carriers and distributors, FireLight can serve as a single source for all your forms, whether or not the form is part of a FireLight activity.

When you use FireLight to build your forms repository, you can provide access to print and/or complete fillable forms to anyone in one centralized place.

Drive Efficiency and Accessibility

When you use FireLight for your forms repository, you create a simple and efficient sales experience for your advisors. They can easily search, download and print forms through the same platform where they digitally submit business.

With FireLight as your forms repository, you can...

- ✔ Access self-service tools to add and manage any form
- ✔ Make forms available through FireLight and third-party solutions
- ✔ Turn the most commonly used print forms into an in-good-order digital process by adding full FireLight rules

**Save time, effort and money with one form repository.
FireLight can be your one place for all your forms.**

FireLight supports all types of forms, including...

- ✔ Producer onboarding
- ✔ Client onboarding
- ✔ Know your client
- ✔ Disclosure

And more
